According to the letter quoted by our Harney correspondent in last week's issue from Governor Chamberlain, the state land board has placed the amount of water necessary to be placed upon Carey selections in order to secure patent prohibits some of these segregations from being reclaimed under that law. The requirement of 1.5 acre feet of water certainly sounds the death knell to some and again complicates the matter so far as this valley is concerned. Mr. Hanley's company can never come up to these requirements and the sooner this is realized and settled the better for the country. Let the people take this matter up at once.

Jonathan Bourne has carried every precinct in Harney county so far as heard from for the republican nomination for U. S. Senator. This certainly proves the value of printer's ink and persistent advertising. Bourne will never be elected U. S. Senator from Oregon so long as the right thinking people have the opportunity to vote and have a say in the matter, but he has certainly demonstrated the power of advertising.

The Times-Herald is informed that many land patents are being, and have been received at the local land office. Many of these are left and not called for. People should secure these patents and have them recorded with the county clerk in order to complete title. This is an important matter that many are overlooking.

The independent voter is the "man behind the gun" when it comes to selecting the officers in June. Fitness for the position will be the first consideration in all officers from top to bottom of the ticket. That is the proper view to take of the situation and the result will show it.

HARNEY DOINGS.

There were no church services Easter Sunday but the Sunday school held its regular session at the usual hour in the afternoon. Over forty were present each attendant was given an Easter button and card as mementos of the day. At night an interesting program was presented by a number of the scholars who had been drilled by Mrs. Fred Haines and Mrs. H. S. Bower. The house was well filled by an appreciative audience who evinced their good feeling in an Easter offering of \$4.53 for the Sunday School supplies and expense.

Rev. A. J. Irwin and son Philip came over from Burns Sunday afternoon and were guests of Mr. and Mrs. L. M. Hamilton taking their departure Monday morning for Elgin Oregon then to Des Moines Iowa to attend Presbyterian assemblies.

Emery Hill and family were visiting here Monday and Tuesday.

M. H. Brenton candidate for sheriff was here Monday.

Fred Haines was at Burns on business Monday.

County Surveyor Jordan was here Monday completing the survey for the road west of town positioned for by Fred Haines and others.

C. A. Hawthorn representing Selz Schwab & Co shoe manufacturers was with our merchants Tuesday.

Geo. Marshall was building wire fence this week.

F. A. Ford with Richet & Co. Portland paid our place a visit this week.

Seth Bower has been building wire fence on his Cow creek place this week and says it is hard work.

The Times-Herald will make this a bargain month in the way of subscriptions and has arranged to give the Semi-Weekly St. Louis Republic free to all who pay up arrears and one year in advance to The Times-Herald. New subscribers who pay in advance will also receive this great national semi-weekly newspaper and family magazine in the United States. The two papers one year for \$2— for this month only.

FIRST REPORT EXAGGERATED

LATER NEWS FROM SAN FRANCISCO MORE ENCOURAGING.

Fire Has Caused Most Damage and Loss of Life Will Not Exceed 500—News of City Shaken in The Bay.

The first news received here by wire of the terrible disaster at San Francisco from the effects of an earthquake Wednesday morning was most depressing and indicated the most appalling calamity that ever befell this continent.

Many of our citizens who had relatives there were in a fever of anxiety up until this morning, as it was impossible to get private messages through and each succeeding report seemed to add to the terrible loss of life and property.

This morning, however, more reassuring news is received and several private messages have reached here. Among these messages is one from N. Brown stating that all are safe.

The report that one half the city had sunk and the other half almost destroyed by fire, with a terrible loss of life occasioned by the use of dynamite in wrecking buildings to stop the flames, seems to be all fiction.

The latest news was received from N. U. Carpenter at Baker City this morning and is authentic. This contains the very latest news obtainable from the stricken city and is most encouraging. The message states that the fire has caused the most damage. The shock broke the water mains and it was impossible to fight the flames. The burned district extends from the bay to Van Ness Ave. on the west and Union Street on the north. This covers the entire wholesale district and practically the entire business district of the city. The large buildings such as the Call, Examiner, Chronical and Palace hotel were wrecked by the shock, the latter however not materially damaged until it caught fire. No sinking of the city whatever—the first report being that fully one half of the city had gone into the bay. No disturbance in the bay, and the loss of life will not exceed 500.

This is certainly welcome news to the people of this section. While the loss of property can hardly be estimated, it has not destroyed the magnificent harbor and the city will finally recover to a certain extent.

The Times-Herald has bulletins issued from time to time and also a copy of the Boise Capital News, giving accounts of the day of the earthquake, but as it was all distorted will not publish them.

The same earthquake that practically ruined San Francisco was felt in Oakland, Alameda, Berkeley, Sacramento and smaller places in that section. Fires were raging in all these places but no serious damage was being done. The reports this morning are to the effect that the fire is under control at San Francisco and no further damage is anticipated.
